fragmenting fragments: jean paul's poetics of the small in

in the title of herbst-blumine, jean paul refers to his miscellanies not as "werke" but as "werkchen." his use of the diminutive foregrounds not only the smallness and brevity of his short texts, but also their materialephem-erality as print objects. in contrast to major works of literature, such "werkchen" are too fleeting and marginal to be preserved in the public library system
